

6 MONTH AFTER **STROKE** HOLDING ON TO HOPE

Swipe to know more

REHABILITATION BECAME OUR ROUTINE

Swipe to know more

IT WAS INTENSE

Every session
mattered.

Swipe to know more

IF HE MISSED EVEN ONE REHAB SESSION

we would worry.

Swipe to know more

PROGRESS WAS THERE

- Fall risk was higher due to increased movement.
- Recovery was there but slower than we expected.

Swipe to know more

WE HELD ON TO HOPE

Hoping for a miraculous recovery.

Swipe to know more

THIS PHASE TESTED US THE MOST
